STATEMENT OF DECLARATION

The health and safety of students, staff, and guests in the residence is a paramount concern for Student Housing Services (SHS). To provide such an environment, SHS employs various staff (e.g., Residence Life Staff [RLS], Guest Table Staff, Duty Staff, etc.) who demonstrate, through selection and performance management measures, superior capacity (a) as a role model, through compliance with expectations (i.e., Residence Community Living Standards [RCLS], Job Description, RLS Code of Conduct, and Employment Contract); and (b) to make independent decisions as a para-counselor to students in need and first-responder in crisis situations (in applicable positions).

In order to ensure quality applicants, SHS will review the residence history of all applicants, which includes, but is not limited to behavioural, conduct, and employment (some positions also must meet an academic standard). Applicants whose non-academic misconduct (i.e. violation of RCLS) or employment history are deemed to be above the acceptable threshold will not be invited to the interview phase. An applicant's behavioural history (i.e. personal wellness, mental health) is reviewed by a non-hiring manager at point of offer. Where there is a bonafide concern with an individual's behavioural history (based on the requirements of the job) an a) offer of employment will be conditional upon the applicant meeting specified expectations that ameliorate the concerns or b) an offer will not be made. Students on Residence Probation are ineligible to apply for SHS staff positions.
